

ARSAD AHAMAD M

Full Stack Developer | React.js | JavaScript | Frontend

7200768633 | arsadahamad17@gmail.com | Rajapalayam, Tamil Nadu | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Motivated Full Stack Developer with strong expertise in building responsive, component-based web applications using React.js, JavaScript (ES6+), HTML5, and CSS3, along with backend development experience in Python, Django, and MySQL. Experienced with React Router, Context API for state management, REST API integration, and reusable UI component architecture. Skilled at building complete end-to-end web solutions, from designing database schemas to delivering pixel-perfect, performant frontend interfaces. Seeking a Full Stack Developer role to deliver exceptional user experiences and robust backend systems.

TECHNICAL SKILLS

Core React:	React.js, React Router, Context API, Functional Components, React Hooks
JavaScript:	ES6+, DOM Manipulation, Fetch API, Async/Await, Event Handling
UI/Styling:	HTML5, CSS3, Bootstrap, Responsive Design, Mobile-First Design
Backend:	Python, Django, MySQL
Tools:	Git, GitHub, VS Code

PROJECTS

BookZone - Bookstore Web Application

[React.js](#), [Context API](#), [React Router](#) | [Live Demo](#)

- Engineered a fully responsive, multi-page bookstore SPA using React.js and React Router for seamless client-side navigation.
- Implemented global cart state management using React Context API, enabling real-time cart updates across all components.
- Architected reusable UI components (product cards, navigation, cart drawer) ensuring consistent UI across all pages.

Happy Travel - Travel Booking Web Application

[HTML5](#), [CSS3](#), [JavaScript](#)

- Built a fully responsive multi-page travel booking website featuring destination listings (Beach, Mountain, City, Wildlife, International) with pricing cards and booking CTAs.
- Implemented multi-page navigation across Home, Destinations, Contact, Login, and Signup pages with consistent layout and branding.
- Designed an image carousel hero section and destination grid using HTML5, CSS3, and vanilla JavaScript, deployed on Netlify with mobile-first responsive design.

Student Management System (Backend Support)

[Django](#), [MySQL](#)

- Built Django backend providing REST-compatible data endpoints consumed by frontend interfaces.
- Designed clean HTML/CSS frontend templates integrated with Django template engine.
- Managed MySQL database schema and queries to support student data operations including CRUD functionality.

E-Commerce Clothing Website

[HTML5](#), [CSS3](#), [JavaScript](#)

- Developed a responsive multi-page clothing store featuring dynamic product categories, image cards, and JavaScript-powered Add-to-Cart.
- Applied mobile-first CSS design with Flexbox/Grid layouts for full cross-device compatibility.
- Implemented vanilla JavaScript for DOM manipulation, cart session management, and interactive user flows.

EDUCATION

Bachelor of Science - Computer Science

2022 - 2025 | 69%

Manonmaniam Sundaranar University, Sankarankovil, Tenkasi

Higher Secondary Certificate (HSC)

2020 - 2022 | 62%

TNPM Marimuthu Nadar Higher Secondary School, Rajapalayam

CERTIFICATIONS

Python Full Stack Development - Zukun Academy, Chennai | [View Certificate](#)
